

WayHome 2017 festival will utilize innovative RFID cashless payment system on site for all festival purchases.

Patrons will be prompted to create a cashless account online and load funds via their credit card in advance of the event. This means patrons arrive with money in the bank ready to spend! Patrons can also load funds into their account on site with credit/debit or cash at Festival “Top Up” stations throughout the event.

On site purchases simply require a tap of the patrons’ wristband on the provided POS RFID reader to start a transaction and one to confirm the purchase. With the quick and efficient purchasing of the cashless payment system queue times are dramatically reduced for merchandise, food, and beverages.

Submission of your merch items and pricing in advance of the event ensures that when you arrive on site a pre-programmed point of sale terminal is deployed to the merch sales location with your items already available.

Items submitted after the date of **JULY 25, 2017** will incur a **\$100 processing fee**.

Information needed:

- 1. Item Type** (Hat, t-shirt, etc.)
- 2. Item Price:** Pricing should include tax and be rounded to the nearest dollar.
- 3. Payment Info:** Name, Address, Phone number for cheque
- 4. HST/W9:** Please provide your HST number for Canadian bands or a W9 for U.S. Bands for tax purposes.

Please submit above **TOGETHER** via email to Marcel.Wade@hotmail.com
